SUMMER CAMP SPECIAL ACTIVITIES 2021

Our activities during the summer are outdoors by preference, but we have excellent air-conditioned facilities indoors to “cool off” or for rainy days. Our monitors keep us busy with many captivating activities. We will participate in games, crafts, sports, sing-alongs to name just some. We also have specialists, one per afternoon, who come to lead us in something different and fun!

Our specialists for 2021:

Ryan has been leading sports, teamwork, and creative construction workshops at Montessori for the past year. We all love Ryan and his activities. Ryan is completing his Degree in Sports Therapy at Concordia University and is thrilled to be part of the Montessori program. His love of children and his enthusiasm for life makes him a wonderful person to have with us. Ryan’s activities over this summer will include street hockey (in our yard), soccer, basketball, golf, football, teamwork games, mega block creations, playdoh creations, and much more.

Zoe has been teaching at Montessori for over 20 years and is currently our yoga specialist. Zoe is a retired physiotherapist and has been a yoga enthusiast her entire life. Zoe’s yoga program is geared for the children to be able to follow the fun yoga poses, but also to gain an appreciation and love for yoga, helping them to relax and understand their inner selves. We love yoga with Zoe and love that yoga is good for our bodies and our souls!

Meghan (Sensei Meghan) is trained as an elementary school teacher and has been studying and teaching Karate for twenty years. Meghan has been teaching our popular Karate program for many years now and our students never seem to get enough Karate! We can guarantee that all children will LOVE Sensei Meghan’s classes. Kodomo Karate is a unique blend of traditional martial arts etiquette and technique, with age-appropriate games and manipulatives designed to bring children a love and appreciation for the world of martial arts.

Nicole is the creator and our instructor for Junior Jams “music and movement” classes that are SO much fun!!! Nicole is just bubbling full of energy and she gets the children dancing and moving and having the best time. Over the last 10 years, Nicole has developed the experience and teaching methods to create a program that is educational, active, and loaded with fun. Children will learn the foundations/basics of creative expression and movement, while exploring space, rhythm and tempo in a creative way. Moving to upbeat music will help to develop their coordination and gross motor skills, while building confidence and self-esteem in a safe space.

Bianca is a graduate of McGill University in Psychology, and as well as teaching at Montessori for the past three years, Bianca is our Science Gal! Science (taught in French) is fascinating when Bianca arrives with her magical science activities.

Taïna is an engineering student and part time dance instructor! Taïna’s passion is dance, she has been teaching Hip Hop at Montessori this year and comes back this summer with an outdoor dance program of funky and fun moves that everyone will thoroughly enjoy.

Kayleigh is our music instructor. Kayleigh taught music classes at Montessori this past year and has a special summer music program for all our campers. Kayleigh’s music classes are 30 minutes of bringing joy to our day with singing and instrumental fun!
