

February 2021 Newsletter

VALENTINE CARDS

The children enjoy bringing Valentine cards to their friends. Although it is entirely up to you whether you send cards or not, it is a good idea to ask the teachers how they prefer to have the cards sent in (each classroom has their own special routine).

GOVERNMENT HAS UPDATED THE GUIDELINES

As of January 27, 2021, the government has updated the flowchart as well as the daily symptom questionnaire. You will find both documents posted on our Bulletin Board as you enter from the main door, and they are also attached to this month's calendar. Thank you to all our parents, for your cooperation and assistance in maintaining our prevention measures in place at our daycare!

SUMMER CAMP REGISTRATION

It may not feel like it yet, but summer will soon be here. In a couple of weeks, we will be sending you the paperwork to sign up your child. If you are still not completely sure of your summer schedule just make your "best guess" for the dates you need to have your child attend camp and make the necessary changes closer to the summer. With two weeks' notice you can change or cancel any days in the summer, so it's easy!

PLEASE CLOSE THE PLAYGROUND GATES

To prevent children from running out on to the road, the upper pin on the gates must be properly closed. Please close our gates correctly, even if it is raining or you are just coming in for a "second".

PLEASE REMEMBER THE DAYCARE'S NO NUTS OR TRACES OF NUTS POLICY

If you are sending a home-baked snack or a snack out of a box with no label for us to read, please include a small note (at least the first time you send that type of snack) telling us that it is free of peanuts and tree nuts.
